Interview Summary Addendum

Application. Number: 10/646,959
Applicant: William Sumner Brown
Examiner: Jason Richard Kurr
Art Unit: 2615 or 2614
Participants: (1) Janson R. Kurr (2) William Sumner Brown
Date of Interview: November 25, 2008
Type of Interview: by telephone
Identification of prior art discussed: Press (US 3,626,365) and Lehmann (US 6,731,204 B2)

Substance of interview included applicant arguing that Press does not apply to the applicant's invention since Press uses microphones to drive a visual indicator of warning signals while the applicant uses microphones to reproduce environmental sounds inside a vehicle. The examiner disagreed stating that both Press and the applicant use microphones to sense sound.
